

# Blessing Buckets

Blessing Buckets have been described by recipients across America as being exactly what they needed after a natural disaster. These five-gallon, hope filled buckets contain essentials for life. Items like toilet paper, snacks, bottled water, deodorant, shampoo, and more! In the top of every Blessing Bucket is a Bible, because we believe that God's Holy Word is the most important item of all! We have discovered these items help restore hope, when everything else is lost. This is why the Blessing Bucket program was created. We believe in the power of a simple bucket filled with life-sustaining resources.

## WHAT'S IN A BLESSING BUCKET?
